X-Guard® Plugs

X-Guard is a complete range of machine guard that complies with the Machinery Directives new demands on permanent guards from 29 December, 2009. With its wide range of standard components and accessories, X-Guard is guaranteed to cover all possible machine guard applications.

Black rubber plugs can be used to cover holes in posts which are not used. The plugs have both an aesthetic and functional use. Plugs are available for the top of the post, for the smaller 'keyhole' and for tubes.
